FulcrumXS

**BREAKING
BARRIERS**

There is safety in every scenery

Four lens shade for different usage

New FulcrumXS™ eyewear advances design and comfort to new heights. So form fitting, it's like every pair is custom molded. Never before has adjustment felt so natural, whilst blending the lens with the facial outline to provide optimum coverage. Fulcrum pantoscopic movement enables temples to be worn "OVER" earmuffs. Eliminates hot-spots and maintains earmuff acoustic seal. Correct cleaning and storage procedures will increase the lifespan of the eyewear. Use the eyeglass cord. An added benefit is that they are always ON HAND when you need them most.

Educating the workforce is one solution, providing them the tools is another. At CanaSafe we do both. They're included.

Replacement lenses available:

#20190 Clear

#20192 Bronze
