

Neptune® Kevlar®

Complex Design

Outstanding protection against heat, cut and abrasion.

Kevlar® para-aramid fibre provides more cut-resistance than steel.

Unique Neptune™ coating: - increases cut resistance - eliminates dry cleaning - protects the fibres from oil, grease, dirt and moisture.

Thermal protection for brief periods, up to 100°C.

Recommended Usage

- Handling steel bars, sheet metal and sharp objects
- Handling rough castings, cores and prefabricated materials
- Welding
- Paper handling
- Plastics manufacture
- Bottling Production
- Canning

Knitted from cotton-spun Kevlar®.

This amazingly strong yarn, when spun by this process, emerges as soft and flexible as cotton.

Special waterproof Neptune coating seals each individual strand of Kevlar®.

The process, unique to Ansell encapsulates each Kevlar® fibre to ensure that oil, grease or water cannot enter and damage the Kevlar® strand.

Outstanding mechanical strength.

Very high resistance to cuts, tears and abrasion. Weight for weight Kevlar® is twice as strong as steel.

Seamless construction.

Seams not only irritate the wearer, but are potential danger points - likely to split, fray or harbour stray sparks or splashes of liquid. A seamless glove is safer as well as more comfortable.

Available with raised PVC coating.

Provides a non-slip grip for safer handling. N.B. Not suitable for hot applications.

Machine washable at 40°C.

Can be laundered at lower temperature than competitors and so reused many times with no loss of performance.

Ambidextrous

Convenient and economical.

Available in choice of styles and weights.

Permits you to select the most appropriate level of protection.

Packaging

Gloves: 144 pairs

Sleeves: 72 pairs

75-105: 36 pairs

Specifications

Ref	Type	EN Size	Length
70-110	Sleeve with slot	-	254 mm
70-335	Medium Weight + Dots	7, 8, 9, 10	(7) 220 mm, (8) 240 mm, (9) 260 mm, (10) 280 mm
70-345	Heavy Weight + Dots	7, 8, 9, 10	(7) 220 mm, (8) 240 mm, (9) 260 mm, (10) 280 mm
70-420	Medium weight with no fingertips	7, 8, 9, 10	(7) 190 mm, (8) 210 mm, (9) 230 mm, (10) 250 mm
70-421	Medium weight with no fingertips. Dots both sides	7, 8, 9, 10	(7) 190 mm, (8) 210 mm, (9) 230 mm, (10) 250 mm
75-105	Extra Heavy Weight	7, 8, 9, 10	(7) 220 mm, (8) 240 mm, (9) 260 mm, (10) 280 mm
70-114	Sleeve with slot	-	356 mm
70-118	Sleeve with slot	-	457 mm
70-122	Sleeve with slot	-	559 mm
70-123	Sleeve with velcro	-	559 mm
70-205	Light Weight	7, 8, 9, 10	(7) 220 mm, (8) 240 mm, (9) 260 mm, (10) 280 mm
70-215	Medium Weight	7, 8, 9, 10	(7) 220 mm, (8) 240 mm, (9) 260 mm, (10) 280 mm
70-225	Heavy Weight	7, 8, 9, 10	(7) 220 mm, (8) 240 mm, (9) 260 mm, (10) 280 mm
70-325	Light Weight + Dots	7, 8, 9, 10	(7) 220 mm, (8) 240 mm, (9) 260 mm, (10) 280 mm
